

FORESTRY MULCHERS

UML/S

Mulcher for tractors from 130 to 190 hp.

The UML/S is a professional forestry mulcher with a fixed rotor system and a mulching capacity up to 10 in diameter. This unit is ideal for land clearing applications. The frame makes the mulcher more maneuverable when working on steep slopes and in extreme conditions.

This model features the interchangeable Spike counterblades, adjustable skeeds and inner anti-wear clades, as standard equipment.
